These are found in rock-cut churches with frescoes and paintings dating from as early as the 10th century. After lunch in Avanos, we visit Pasabag's "fairy chimneys", where the voice of the wind harmonizes with the songs of the fairies. We end the tour with a visit to Sarihan Caravanserai, a very fine example of the Turkish Seljuk art, built in the early 13th century on the legendary Silk Road, for the accommodation of the traders and their camels.
