Meet with your guide at your hotel and re-discover Cappadocia. Our first real encounter with Cappadocia's almost Martian landscape is in the Derwent valley, where the rock formations are amazing. A walk through the Zelve Open Air Museum is a journey into the past, with its troglodyte houses. This is one of the earliest inhabited and latest abandoned monastic settlements in Cappadocia. After Zelve we visit Pasabag's "fairy chimneys", where the voice of the wind harmonizes with the songs of the fairies. From here we pause at Avanos, a centre of terracotta art since 2,000 BC, for a demonstration in a traditional pottery workshop. After lunch in Avanos, we visit the famous Goreme Open Air Museum to see the best examples of Byzantine art in Cappadocia. These are found in rock-cut churches with frescoes and paintings dating from as early as the 10th century.

On the way we visit the Medrese in Taskinpasa, a Theological School of the Seljuk Turks. After lunch in Mustafapasa at an old Greek house hosted by a local family, We visit Kaymaklı Under ground city and Uchisar Castle afterwards.

Alternative Balloon Flight

At five in the morning, smoke is beginning to rise from the village chimneys below you. The barking of dogs startled by the balloon, attracts sleepy villagers outside to wave enthusiastically. The weird twisted landscape of corroded rock to which you have partially become accustomed from the ground level, becomes even more unearthly when viewed from several hundred feet above.
